Safety Precautions

- The test will be given in our Dining Hall with a limited number of examinees to allow for extra social distancing space.
- Our Maintenance Team will provide extra cleaning before and after the test.
- Upon arrival parents will accompany their student to the Dining Hall entrance, to complete a health screening, but will not be allowed into the school building.
- Students must wear masks while on campus and during the entirety of the test.
- Students can bring their own snack and water bottle.
 - o Note: Academy's campus is NUT FREE.
- Parents should return to the parking lot by 11:30 to pick up their student.

We hope this alternative makes the application process easier for your family. Of course, students can still register to sit for the [ISEE At Home \(proctored by Pro Proctor\)](#) or at a [Prometric Testing Center](#) (ERB charge for either is \$200).

If you have questions regarding the ISEE – or any other aspect of the application – please contact the Admissions Team (614-509-2220 or admissions@columbusacademy.org).
