Schedules for each team, including date, location and time of the events, are subject to change due to inclement weather and other unforeseen circumstances. Up-to-date athletic schedules can be found at AcademyVikings.com and the latest news and updates on school-related events can be seen at ColumbusAcademy.org.

## Mission Statement

Columbus Academy – an independent, coeducational college preparatory school – enriches its academic tradition of excellence by valuing a broad diversity of students as it seeks to develop the complete person: mind, body and character. The school rewards rigorous effort and accomplishment, fosters compassion, respect and moral courage, and insists on integrity, fair play and community service. Academy strives to develop and sustain a community of thoughtful, responsible, capable and confident citizens eager to engage in a pluralistic and ever-changing world.

## Athletic Philosophy

*Upper School* | The Purpose of the upper school interscholastic athletic program at Columbus Academy is threefold:

1. To provide those students with an interest in an athletics the opportunity to use and develop their athletic talent while participating in competitive contests under the direction of qualified and dedicated coaches. Additionally, we strive to continue to develop the ideas and habits of good health, fair play, initiative, achievement and emotional control.
2. To provide for our students leadership opportunities and cooperative learning experiences which contribute to team building.
3. To provide for our student body a solid foundation for the development of good school morals, for being sportsmanlike, and for exercising the qualities of fair play and courtesy.

*Middle School* | The purpose of the middle school interscholastic athletic program is designed to meet the development needs of all student-athlete participants by developing skills, promoting sportsmanship and teamwork, and fostering a love of sports.

Participation is the cornerstone of middle school athletics. The school recognizes that the goal is to provide the student-athlete as much playing time as possible. Various factors are taken into account that may effect playing time-most important of these factors are the student's commitment, attitude and effort. The school also recognizes that it is not always possible for every child to play in every game, however, participation during the course of the season is the goal.

## Sportsmanship

As you enjoy watching the competition, please keep in mind that we set the most important example for sportsmanship. Columbus Academy appreciates your support for the student-athletes competing.

## Safety & Inclement Weather

Columbus Academy is fully-equipped with Automatic External Defibrillator (AED) machines on campus. The following list below is where they can be found on campus:

- Athletic training room or with athletic trainer on duty
- Hondros Field concession stand (above sink)
- Hallway between Jones & Mack gymnasiums
- Dining hall (on wall by steps near entrance/girls bathroom)
- Morris Hall Art Gallery (2nd floor – on wall by marketing office)
- Schoedinger Theatre lobby (on wall by exterior doors)
- Academy Hall (near elevator)
- Van Syckel Hall (2nd floor – next to stairwell)
- Parents Hall (lounge across from upper school office – on wall)

In the event of inclement weather during a sporting event where the crowd is alerted to vacate the area, please seek shelter immediately inside of the nearest plumbed building or vehicle with windows closed. Fans will be alerted once it is safe to return to the area where the event was taking place.

# CAMPUS FACILITIES

## Hondros Field

After full funding from John and Linda Hondros and their children Morgan, Cody '00, Kelly '06 and Hobie '08, the Columbus Academy board of trustees voted to re-name the stadium Hondros Field. A \$1.25 million project completed by TurfFields in August 2014 replaced the stadium grass field with state-of-the-art artificial turf primarily used for football, lacrosse and soccer. The Hondros family's gift encouraged several other Academy families to give anonymously in order to fund a second all-weather field, which was installed on the west side of campus next to the existing field hockey and lacrosse area out at Carlin Fields. As a result, Columbus Academy became one of the few Central Ohio schools to have two all-weather surfaces for practices and competitions.

Hondros Field has since also served as a host site for several state tournaments during the fall and spring seasons. Hondros Field was officially dedicated on Sept. 5, 2014, at halftime of the Viking football game. The track surrounding the field, which was resurfaced in spring 2018, was also retained in memory of Mike Marsh.

## Carlin Fields

Dedicated in October 2016 in honor and memory of alumnus David P. Carlin '56, Carlin Fields plays host to Viking field hockey and tennis, and also contains several multipurpose fields used for lacrosse and other sports for games, practice and various activities on campus. David was a Board member and generous Academy benefactor as well as the driving force behind obtaining that property in the mid-1980s. His foresight into the potential importance of that additional space for the school's future use is further testament to his love and devotion to Columbus Academy. David's widow and other members of the Carlin Family (pictured) were on hand for the dedication and unveiling of the new archway welcoming Viking families and guests to the western portion of campus.

## "The Mack"

Named in honor of Columbus Academy's Headmaster from 1997-2013, The John Mackenzie Gymnasium, nicknamed The Mack, is the home court of the Viking boys and girls basketball teams, as well as the volleyball team. During his 16 years at the helm, John Mackenzie led CA through a period of growth and many accomplishments, including extensive enhancements to the curriculum, increased enrollment, aesthetic improvements to campus, the implementation of successful programs in the areas of diversity, technology, ethics and character, and creating a sense of community for all.

## Jones Gym

The Jones Gym primarily serves our middle school basketball and volleyball teams, while also providing ample indoor practice space for outdoor sports during times of inclement weather throughout the fall and spring seasons. The gym is equipped with six basketball hoops, a full-size court and bleacher-style seating for guests and fans.

## James W. Stahl Field

Home field for the Viking baseball team, James W. Stahl Field was named after Academy's legendary baseball coach. In his 22 years at the helm of the Viking baseball program, Stahl compiled over 260 wins and won the Class A state title in 1982. A member of the CA and Ohio High School Baseball Coaches Association (OHSBCA) Hall of Fame, Stahl also led the Vikings to state runner-up honors in 1981 and the 1980 state semifinals. Coach Stahl also steered the program to a regional final and a pair of district finals over his tenure.

## Academy Swimming Pool

The Columbus Academy swimming pool is the official practice and competition site for the Viking swim teams. Several meets are held at the site throughout each season, including within the league, while also being used for competition throughout the year by the Greater Columbus Swim Team of Ohio (GCSTO).

# Fieldhouse & Wellness Center

Discussions about an indoor fieldhouse have been taking place for years, but the much-needed project became a reality when a group of Academy families came together to offer a significant portion of the funding, thus relieving the school from undertaking a major philanthropic campaign. The result is an indoor multipurpose space big enough to contain three regulation basketball courts in addition to extra locker rooms, an expansion and reconfiguration of the current fitness room and an overhauling of all existing locker rooms.

Within the fieldhouse's 24,000 square feet are 18 backboards and baskets suspended from the ceiling, a climbing wall next to stairs up to a mezzanine, a conference room and six offices for coaches. The flooring is a top-of-the-line Mondo surface that professional teams use, along with refurbished team locker rooms. The conference room and six offices look into the fieldhouse, along with an examining room, additional taping tables, aqua-therapy, and a private office for athletic training staff. Racks in the wellness center contain new state-of-the-art lifting equipment, along with more floor space and various aerobic machines.
