About Columbus Academy

Founded in 1911, Columbus Academy is a coeducational school enrolling 1,153 students from our 3-Year-Old Explorers to Grade 12.

Academy offers a challenging liberal arts, college preparatory program. Located on a 231-acre campus nine miles northeast of Columbus, the school draws a diverse student body of 420 students in grades 9 through 12, from a 25-mile radius in central Ohio

Approximately 23% of the student body receives financial assistance to help with the cost of tuition.

Columbus Academy is fully accredited by the Independent School Association of the Central States (ISACS), the Ohio Department of Education, and the National Association of Independent Schools (NAIS).

GPA's are calculated using all graded courses earned at Academy.

- no additional weight added for standard college-preparatory courses
- 10% additional weight added for "Advanced" courses
- 15% additional weight added for "Honors" courses

Prerequisite criteria must be met for entry to Advanced and Honors courses.

Advanced courses typically are accelerated versions of the college-preparatory courses.

Honors courses are those in which the syllabus is designed predominantly to prepare students for a college-level, external examination.

(Courses that cover two years' worth of material in one year are also included)

Weighted grade-point averages (WGPA) are reported on transcripts and documents sent to colleges and scholarship agencies.
