

Columbus Academy Dress Code 2021-22

Columbus Academy believes in a dress code so as to suggest a certain level of formality during the school day. The dress code attempts to balance comfort and individuality with consideration for community expectations. The table below outlines the dress code requirements, noting the different expectations for each of the three divisions. The determination about whether a student's attire complies with both the letter and the spirit of the dress code will belong to the faculty and administration.
