

March 30, 2020

Dear Middle School Families,

We made it through our first day of online learning! I heard great stories about students and teachers reconnecting while navigating the inevitable glitches with the technology. Know that we will adjust quickly to improve the user friendliness of classes for teachers and students. Our faculty members are always thinking about how best to execute their classes. Thank you for communicating with us about the experience your children had today. Please continue to do that. I welcome your feedback at any time. Below are a few other bits of important information.

Third Quarter Grades

Grades for the third quarter will be posted in My Backpack at 3:00 p.m. this Friday, April 3.

Counselor Services

Parents and guardians can schedule meetings with Middle School Counselor Shekyra DeCree by using the link attached [here](#). Mrs. DeCree has given students information allowing them to schedule time with her also. Meetings with Support Specialists Carolyn O'Brien and Tamarah Davis and Speech Pathologist Alexis Marin will continue according to a student's scheduled time with them.

Enjoy your evening. Thank you for your partnership, always!

Warm Regards,

Shaka
