LOWER SCHOOL GENERAL INFORMATION
Faculty, Staff and Sr. Counselors
CA Summer Experience employs current CA Faculty and Staff members as well as highly qualified outside sources as teachers of the Summer Experience programs. Sr. Counselors are typically local college students who have been hired after an extensive interview and training process. Sr. Counselors are assigned to camps each week and will accompany your child all day during their respective camp. CA Summer Experience also employs ample administrative staff to support daily programming.

Communication
Upon registration with full payment, you should receive a confirmation email from Summer_Experience@columbusacademy.org with your child’s class schedule and additional information. You can expect communication via email from your child’s teacher the Friday prior to camp starting and the Wednesday during the respective camp week. If registration is received late, there may be a delay in this communication.

Facilities
A majority of programs are held on CA’s beautiful 231-acre campus that consists of a six-lane indoor pool, computer labs with iMac computers, nature trails, outdoor classroom space, low ropes elements, eight tennis courts, Schoedinger Theatre seating 430, two full-length gymnasiums, a weight room, a ceramics studio, five art studios, three libraries, five playgrounds, eight science labs, four soccer fields, two turf fields, an all-weather track, a full service dining hall, three music rooms, and two baseball fields. The campus may be accessed from the West on Cherry Bottom Road or from the East via Beecher Road off of Hamilton Road. (Please refer to the campus map on the inside of the back cover.)

Field Trip and Off-Site Transportation
Columbus Academy utilizes school bus rental as a means of transportation for field trips and off-site programs. All drivers have proof of credentials and background checks. CA also has a fleet of 7 passenger vans that will be used for smaller traveling groups. All drivers are employees of Columbus Academy and are van-certified.

Lower School Sample Daily Schedule

AM Themed Programming 9:00 am – 11:30 am
Lunch Rotation 11:30 am – 1:30 pm
(Lunch / Free Choice Activity)
PM Themed Programming (continued) 1:30 pm – 4:00 pm
Note: Lower School Half and Half +Plus options would end at 11:30 am and 1:30 pm respectively; see below for more details.

Half Day and Half +Plus Programs
Some programs offer a half day and half +plus option. Please see course listings for availability. Half day programs include the morning themed programming session from 9:00 am to 11:30 am. Half +plus programs include the morning themed programming from 9:00 am to 11:30 am PLUS lunch and free choice activity from 11:30 am to 1:30 pm. Half day and half +plus programs cannot be combined with other half, or half +plus programs.

Extended Care Programs
Available on a pre-registration or drop-in basis, Before Care and After Care are held from 7:00 am to 8:30 am and 4:00 pm to 6:00 pm, respectively.

Before Care offers a variety of quiet activities for your child as he or she gets ready for the day. After Care features exciting themed activities as well as quiet places for children to explore and reflect on the experiences they have had at CA. Parents MUST pick up their children from After Care by 6:00 pm. Parents that do not pick up their children by the end of After Care will be charged $1.00 per minute beyond 6:00 pm. If Before or After Care are not needed for the full week, proration is available by contacting our office at (614) 509-2267. Please understand there can be no proration for the combo pricing.

Before Care $50 per week $10 per day
After Care $62.50 per week $12.50 per day
Before and After Care Combo $85 per week 5 day option only

Before / After Care is best accessed by parking in the Academy Hall Parking Circle near the main entrance to the school. Follow the ORANGE signage into the Theatre entrance of the Lower School to the Before / After Care room. Parents must come into the After Care room and provide a photo ID to sign out their child each day.

Lunch
Lunch is provided by Columbus Academy’s Dining Service for most of the programs and is built into the price of the camp for Sessions 1-9. Session 10 camps will all be required to pack a lunch as the Dining Hall will remain closed August 5-9. Most off-site camps require students to bring a lunch; please check individual course descriptions for lunch specifications. During Sessions 1-9, CA offers a hot main dish including vegetarian options, as well as a salad bar, pasta bar, and deli bar. We also do our best to accommodate all dietary requests / restrictions. Please contact our office if you have additional questions related to dietary concerns. Children are welcome to pack a lunch if they wish, but the lunch must be peanut and tree nut free.

Allergy Policy: Columbus Academy Summer Experience is peanut and tree nut free.

Daily Drop-off/Pick-up
There will be signage all around campus to help direct parking, as well as a color coded system to follow from the parking areas to help guide you to the correct entrance. Please see the CA campus map on the inside of the back cover for general parking information. Lower School will follow the GREEN signage.

Check-in for Lower School (rising K through 5th grade) programs is between 8:30 am and 9:00 am in a gym of the Athletic Complex. Lower School parents or guardians should follow campus signage to the Lower School parking area (Athletic Parking Lot) and escort children into the building no earlier than 8:30 am. There will be CA Staff available to help parents and students get to their check-in areas. Students will check-in directly with their Sr. Counselor inside the gym. Any student who arrives prior to 8:30 am and is not accompanied by an adult will be escorted to Before Care and charged the daily rate of $10.

Pick-up is between 4:00 pm and 4:15 pm in a gym of the Athletic Complex. Parents or guardians will need to come into the gym and provide a photo ID to sign children out. If someone other than a parent / guardian is picking up your child, and you have not completed an authorized pick up list, please see a staff member at drop-off. If your child is not picked up by 4:15 pm, he or she will be taken to After Care, at which time you will be charged the daily rate of $12.50.
Late Drop-off/Early Pick-up
If it is necessary to drop off or pick up your child at any time other than the designated camp times, the Operations Lead is available to help with these transitions. If you know this information ahead of time, you may write it on the sheet provided at the Help Desk outside the gyms. You may also contact the Operations Lead any time during camp hours at 614-653-3117 to arrange a pick-up or drop-off. Note: Early pick ups are not available after 3:30pm.

Friday Showcase
Some of our camps perform in our weekly Friday Showcase to share their new skills or creations with their parents and fellow campers. All parents and families are welcome to attend. For 2019 only, these shows are held in the Dining Hall and typically begin at 3:15 pm on Friday afternoons. Information regarding the Friday Showcase will be communicated via email and CA Summer Experience’s Facebook page.

What to Wear/Bring
Campers should wear comfortable, weather-appropriate clothing and shoes, and should also consider bringing a bookbag, water bottle and sunscreen to camp each day. Please check the course descriptions to see if any other materials are needed for each individual program. If the student is planning to participate in free swim for their free choice activity, campers should also pack a bathing suit, towel and plastic bag for wet clothes. Should a child misplace an item, there will be a Lost & Found table located near the Athletic Complex lobby throughout the summer. Columbus Academy is not responsible for any lost personal items.

Free Choice Activity
Students participating in half +plus or full day programs on campus will have a free choice activity period before or after their lunchtime. Campers may choose from the following daily options: free swim, computer lab, outdoor free play, or quiet reading and crafting room. Children participating in the free swim option will need to bring a bathing suit and towel each day they wish to swim, along with a plastic bag for their wet clothes.

Electronics Policy
With the increase in the technology around us, electronics are no longer prohibited at camp; however, we expect that these devices be put away unless specifically required for a camp or in the case of an emergency. We have designated screen time during Before / After Care and free choice for those who wish to participate. Check-in/out in the gyms will be strictly enforced as “no device zones”.

 Discipline Action Plan and Termination
Attendees who are found to bully or harass others will generally be subject to serious disciplinary action, including prohibition from further attendance. Children will receive one warning and CA Summer Experience reserves the right to remove any camper from our program for disciplinary reasons. If a child is removed for disciplinary reasons, there will be no refund.

FEES, CANCELLATIONS, REFUNDS AND DEADLINES POLICY
Course fees are located in the course descriptions and registration pages. Whether submitting a paper form or registering online, registration is not complete until payment is received. Cancellations or changes made prior to the appropriate deadline will incur no penalty and will be refunded in full. Cancellations made after the deadlines will be refunded at 25% of the program fee. Please understand that after these deadlines, we have made firm financial commitments to our faculty and staff, in addition to purchasing materials for the class. If a cancellation is made after the camp’s start date, there will be no refund issued. If you do not notify us and your child does not attend, you will be subject to our no-show policy in which no refund will be issued. Changes made to schedules after the deadlines will be charged a non-refundable fee of $25 per child plus any difference in camp fees. If late registrations are received after the deadlines, camp fees increase by 10%.

DEADLINES: May 16th for Sessions 1-5 and June 20th for Sessions 6-10
**LOWER SCHOOL SUMMER EXPERIENCE**

Fun having playing in the dirt! Clay Play students will create a variety of functional and decorative ceramic pieces through traditional and experimental techniques. We’ll examine construction methods and get creative with everyday objects and natural items to create texture and patterns. Learn to silkscreen your bisque pieces for endless combinations of designs. Come join us as we put our hands in the mud while learning about the history and science of clay!

Comedy Magic
Rising 3-4 | Session 10 | Instructor: Carroll Baker
Full (9a-4p) $295  | No Half + Plus  | No Half
Children love magic, and they really love learning and performing it! Carroll Baker’s classes are a great way for your child to have fun learning to become an amazing magician, performer, and presenter. Beyond the entertainment value, magic helps improve digital dexterity, coordination, visual perception, spatial relationships, critical thinking, creativity, public speaking skills, self-confidence, and imagination. This class will focus on fun and easy magic, comedy stories and how to incorporate them into a show. On the last day of camp, we will perform on stage at the Friday Showcase. Students are required to pack a nut free lunch each day.

Community and Leadership
Rising 3-5 | Session 4 | Instructor: Little Scholars Staff
Full (9a-4p) $270  | Half +Plus (9a-1:30p) $165  | Half (9a-11:30a) $135
Community and Leadership is a unique opportunity for students to learn how to develop their business skills while impacting the world around them. Our future leaders will learn about entrepreneurship, public speaking, civic involvement and community outreach opportunities with an engaging curriculum to channel their desire to have a positive impact on the world around them.

Cooking Farm-to-Table at Young Chefs Academy
Rising 3-5 | Session 10 | Instructor: Young Chefs Academy Staff
Full (9a-4p) $310  | No Half + Plus  | No Half
Join Young Chefs Academy in this unique camp that takes campers on a locally grown culinary adventure out of Columbus Academy and into the kitchens at Young Chefs Academy! Campers can expect to get their hands dirty and explore the science behind growing, eating and cooking foods that you might grow in your own back yard. With the help of the community, campers will get to know what real farm to table looks like, tastes like and how they can be a part of it! Please note students will be walking to and from Young Chefs Academy. Students are required to pack a nut free lunch each day.

Cool Cupcakes
Rising 3-5 | Session 1 (M-W, F) | Instructor: Young Chefs Academy Staff
Full (9a-4p) $230  | No Half + Plus  | No Half
Have a sweet tooth and love of cupcakes? Then this is your camp! Each day we’ll create and decorate cupcakes in a variety of themes. Campers will create homemade cupcakes, fondant, frosting and learn fun decorating techniques. They’ll even take some cupcakes home to share!

Campers Who Care: Lemonade Stand
Rising 3-5 | Session 2 | Instructor: Young Chefs Academy Staff
Full (9a-4p) $295  | No Half + Plus  | No Half
Summer is the perfect time for lemonade stands! Join us to support Alex’s Lemonade Stand, a non-profit organization dedicated to ending childhood cancer. We’ll spend the week creating signs, flyers, and delicious recipes to sell on our big day. From pizza rolls to gourmet lemonade and chocolate fudgy bon bons, we’ll bake up a storm. Be sure to stop by our lemonade stand on the last day of camp to sample our creations and see the results of our “fruitful” work! All proceeds from the lemonade stand will be donated to Alex’s Lemonade Stand in care of Young Chefs Academy.

Can You Dig It?
Rising K-4 | Session 2 | Instructor: ScienSational Workshops Staff
Full (9a-4p) $310  | No Half + Plus  | No Half
Archaeology and Paleontology seem like big words to kids. Now ScienSational Workshops for Kids will make them come alive. Each child will partake in a simulated fossil excavation, uncovering the different bones of a dinosaur and then will assemble the bones to form a completed 3-dimensional dinosaur to be taken home. We will provide the excavation tools, labels and specimen bags. We will use our geological time and fossil charts. You will make a plaster fossil replica of a ammonite, a Tyrannosaurus Rex tooth or choose from other molds. You’ll identify 20-million year old shark’s teeth and see other fossil replicas such as a cave bear tooth, an ammonite, a Tyrannosaurus Rex tooth, or a dinosaur egg! See and work with our rock and mineral collection. Be a rock hound and identify different rocks and minerals. See and hold our giant pumice rock specimen - it’s from Mt. St. Helens. This week will be fun and educational.

Carnival Cooking and Fun!
Rising K-4 | Session 4 | Instructor: Young Chefs Academy Staff
Full (9a-4p) $295  | No Half + Plus  | No Half
Step right up for the greatest camp of the summer! We’ll spend our days creating carnival foods like baked funnel cakes, fair fries, corn dogs, lemonade shakes up, and other yummy carnival creations. We’ll also plan, design, and create our very own carnival games and decorations. On Friday, campers will attend the carnival they created...games, food, prizes, and more!

In Crazy Chemistry & Silly Scientists, campers will put on their lab coats and goggles and dive into exciting science experiments! We will do in-class experiments like elephant toothpaste, take-home experiments like slime and ooblek, and SO much more! Campers will even have an opportunity to make their own science experiments with a team. Join us as we combine materials like a chemist and experiment with silly science!

Creating Your First iPhone/ iPad Mobile Game
Rising 2-5 | Session 10 | Instructor: CodeMonster Staff
Full (9a-4p) $410 | No Half +Plus | No Half
Students will learn how to code and create their own computer games and animation on the IOS platform. Instead of playing games on the iPad, campers can learn how to create their own games by dragging and dropping LEGO-styled blocks on the screen. This class will improve students’ critical thinking, logic, and creativity while teaching them to solve problems effectively. Campers will also focus on algorithm and logic thinking using Pseudo coding, explore the advantage of re-usable codes using functions, and improve their knowledge on technical jargon. No prior knowledge of computer programming is required; however, students should know how to use touch to navigate around the screen. Students are required to pack a nut free lunch each day.

Creative Creations

Have fun exploring new crafting skills and hobbies. Each day will include a new technique and skill for you to try. Sewing, creative painting, sculpting and yarn work are just a few that we will explore. You’ll learn new styles, methods, and even the history of these crafts. Come try your hand at something new or come enhance a skill you already have.

Crocheting for Beginners
Rising 3-5 | Session 9 | Instructor: Cat Mailloux
Full (9a-4p) $270 | No Half +Plus | No Half
Jump into the art of crocheting! This class is an introduction to crocheting for beginners. Learn how crocheting is really just a series of stitches and knots woven together. First we will learn crocheting with just our fingers and yarn to make bracelets, necklaces, and garlands. Then, we will learn how to use a crochet hook and basic crocheting stitches to make coasters, dish cloths, pot holders, crocheted critters, and a granny square that you can use to start your own blanket. Join us to learn the relaxing and useful art of crocheting, a skill you can use for the rest of your life!

Full (9a-4p) $250 | No Half +Plus | No Half
This class will be an investigation into the field of forensic science. You will learn to assess the scene of a crime and collect evidence as you work with classmates to solve a fictitious crime. Short stories and a guest speaker will assist us in our learning and investigations. Come ready to sharpen your problem-solving and critical thinking skills!

Dancing with the Stars
Rising 3-5 | Session 6 | Instructor: Inspiration to Movement Staff
Full (9a-4p) $290 | No Half +Plus | No Half
Want to dance like the stars on TV? From the drama of the tango to the energy of the jive, ballroom and Latin dancing have taken the country by storm as millions tune in every week to see their favorite stars go head-to-head and toe-to-toe. During this energy-packed week, students will learn the steps, rhythms, and techniques of some of the most popular dances as seen on TV. Taught by a current professional ballroom dancer, this camp will also help to develop the presentation skills, partnering, and confidence necessary to be a champion. At the end of the week, students will present a Dancing with the Stars style formation on stage during the Friday Showcase. Whether your desire is to compete and perform or just gain confidence and coordination, this camp is for the dancer in you!

Discover Ohio
Rising 2-5 | Session 10
Instructors: Michael Fatten, Johari Mitchell & Amanda Vesner
Full (9a-4p) $550 | No Half +Plus | No Half
Join us on an adventure across Ohio to discover our hidden treasures. In this class, we will travel each day to a “hot spot” that you will want to return to again and again. Trains and boats? We’ve got them. Rainforests? We’ve got them. Stingrays? You guessed it. We’ve got them, too! Roller coasters? Absolutely, some of the best! This is a non-stop exploration of the best Ohio has to offer. Students are required to pack a nut free lunch each day.

Interpretive Dance is an energetic and creative class that blends ballet, modern, lyrical, jazz, and some sign language. Blending these dance forms causes a uniqueness that speaks to each child differently. They are encouraged to flow, within a framework, the way their bodies interpret what they feel, hear, and see with the musical pieces. As we dance and create together, each day brings a special unity, fluidity, and passion that is hard to put into words, but its beauty can be felt and seen. It is truly a great experience! Students are required to wear comfortable clothing that allows for free movement and ballet shoes. Course fee includes cost of costuming for the Friday Showcase.

Junior Drone Pilots
Rising K-2 | Session 3 | Instructor: Drobots Staff
Full (9a-4p) $385 | No Half +Plus | No Half
Junior Drone Pilots is specifically designed for campers with little to no experience flying drones. We use the safest and most reliable drone products on the market, including the Parrot drones for enhanced safety and most of all, fun. Campers will learn the basics of drone technology and safety before taking to the air. Through the use of iPad flight simulators and clear instructions on basic flying maneuvers, young Drobots’ pilots will experience a program filled with excitement, games, challenges, and learning. Campers work all week long to prepare for the most enjoyable part of the week: the Ultimate Drone Games that include events such as: Tic-Tac-Drone, Drone Darts, Duck-Duck-Drone, and more. All campers go home with interactive workbooks and plenty of Drobots Company keepsakes so the memories last long beyond the summer. Drone safety and the social responsibilities of flying drones are included in this program.

Robots come in a variety of shapes and sizes and each are designed to perform unique tasks. In this class, students will develop a basic understanding of how robots are designed and programmed to be used in the real world every single day. They will then create their very own designs and program their robots to move and perform jobs ranging from lifting simple objects to cleaning up large-scale natural disasters. In the afternoons, students will explore what causes something to sink or float and how engineers can help explore and protect the ocean below. Campers will learn about the concepts of marine engineering and mechanics by harnessing the power of water and discovering designs that help us make the impossible, possible.

Junior Toys and Twisted Fairy Tales
Rising 1-3 | Session 5 | Instructor: Engineering for Kids Staff
Full (9a-4p) $240 | No Half +Plus | No Half
Toys have always inspired creativity in children. In this camp, young engineers will learn the concepts of Mechanical Engineering and put them into action to become expert Toy Makers as they design and build their very own toys including an operation game; our version of a boomerang; an a-mazing-maze; and many more! Students will also explore several traditional fairy tales from different points of view and engage in activities to investigate solutions for each fairy tale’s obstacles. In the Twisted Fairy Tales portion, we will design a getaway vehicle for the heroine from Kate and the Beanstalk, help The Three Billy Goats Fluff devise a method to cross the bridge quietly and not wake the Troll, and several other classics! Join us in this one-of-a-kind engineering adventure!

Kids Exploratory Coding Playground
Rising K-2 | Session 1 (M-W, F) | Instructor: CodeMonster Staff
Full (9a-4p) $330 | No Half +Plus | No Half
You’re never too young to start coding! This course is specially created for young children in rising grades K to 2. We are using Scratch Jr. to encourage a light and playful environment to create a digital story and simple animation. Students will be immersed in their own creation using their own voice and giving a sequence of instructions using logo-styled blocks. The main objective is to let students take control of their creation and gain an understanding of how he/she can alter the behavior and sequence of events (Please note syntax or algorithm will not be discussed as this is not the objective of the course). This introductory course will empower young children to gain confidence in themselves and be aware of human and computer interaction.

Kids Visual Game Coding Using Scratch
Rising 2-5 | Session 4 | Instructor: CodeMonster Staff
Full (9a-4p) $410 | No Half +Plus | No Half
Students will get to code and create their own computer games by dragging and dropping LEGO-styled blocks on the screen. We will learn how to use Scratch, a computer programming platform developed by MIT that is used extensively worldwide to introduce coding to children. This class will improve students’ critical thinking, logic, and creativity while teaching them to solve problems effectively. We will also focus on Algorithm and logic thinking using Pseudo coding, explore the advantage of re-usable codes using functions, and learn how to pass arguments into functions. No prior knowledge of computer programming is required; however, students should know how to use the mouse to navigate around the computer screen.

LEGO Robot BattleBot Camp
Rising 2-5 | Session 4 | Instructor: Robot Academy Staff
Full (9a-4p) $400 | No Half +Plus | No Half
This camp encourages creative problem solving as the students learn engineering skills with fun and engaging activities. Campers and program LEGO Robots to compete in a BattleBot championship! The robots will battle “to the death”, and the designers of the “last robot standing” for each round will win ribbons. No experience is necessary. We teach children everything they need to know to put together a winning BattleBot. Students will also complete individual building and programming activities and win trophies for their achievements at our award ceremony.
Let’s See How It’s Made
Rising K-5 | Session 10 | Instructors: Nic Eader & Robert Krum
Full (9a-4p) $495 | No Half +Plus | No Half
Have you seen the documentary show How It’s Made? Come along on an adventure around Columbus to discover the inner workings and behind the scenes of how the things you love are created. Learn about the original ideas that have evolved into marketable products. Let’s explore the machinery, engineering, robotics, and genius minds that have worked endlessly to make dreams come alive. **Students are required to pack a nut free lunch each day.**

Little Medical School®: The Doctor Will See You Now!
Rising 2-5 | Session 9 | Instructor: Little Medical School Staff
Full (9a-4p) $395 | No Half +Plus | No Half
The Little Medical School® strives to engage children about medicine, science, and the importance of health in an entertaining, exciting, and fun way. In this camp, the student doctor will explore and better understand what happens when the body does not work as it is designed to. Students will learn about common diseases and how they affect the body as well as the importance of taking care of your body. We will review disorders of the heart, blood (sickle cell disease and leukemia), and many more topics through interactive, hands on demonstrations, crafts, and games.

**Little Medical School®: Is There a Doctor in the House?**
Rising K-4 | Session 4, 6 | Instructor: Little Medical School Staff
Full (9a-4p) $395 | No Half +Plus | No Half
The Little Medical School® offers children the opportunity to learn about medicine, science, and the importance of health in an entertaining, exciting, and fun way. This camp encourages children to do this as they explore the exciting and inspiring world of medicine. Using interactive demonstrations, crafts, and games, children learn how the body and organs work, how to use the instruments that real doctors use, and even tie knots like a real surgeon. Children get their own stethoscope that really works! Students will learn all about and make models of the spine, brain, bones, the exciting eye, and much more. At the end of the week, each student will graduate with a diploma from the Little Medical School®.

Little Veterinarian School®: Healthy pets are Happy Pets
Rising K-4 | Session 3, 10 | Instructor: Little Medical School Staff
Full (9a-4p) $395 | No Half +Plus | No Half
This unique program encourages children to role-play and explore the exciting world of veterinarians. Using interactive demonstrations, crafts and games, children learn how to take care of a pet and use instruments that real veterinarians use. A preview into our week and topics to be covered, include but are not limited to, the following:
- Learning the importance of proper care and nutrition to keep dogs, cats, and guinea pigs healthy
- Completing an assessment of a dog and a cat
- Knowing what to do if a dog gets hurt and how to care for them
- Learning safety rules for being around animals
- Discussing what radiographs are and what the light and dark shades mean on a radiograph
This summer camp is a fun, hands-on class where students will receive their very own stuffed animal pet dog and cat for the week. Each child will receive a diploma as a graduate of Little Veterinarian School® upon completion of the course. **Please note for Session 10 only: Students are required to pack a nut free lunch each day.**

Little Woodworkers
Rising K-2 | Session 8 | Instructor: Shaun Ditty
Full (9a-4p) $300 | No Half +Plus | No Half
Students will learn basic woodworking tools and techniques. They will construct and paint age-appropriate projects that will be theirs to take home at the end of the camp. What should you keep in your toolbox? By the end of the week, you will be the expert!

Making Art with Science
Rising K-5 | Session 10 | Instructors: Nic Eader & Robert Krum
Full (9a-4p) $285 | Half +Plus (9a-1:30p) $175 | Half (9a-11:30a) $145
Young artists and scientists alike will enjoy this camp that lies at the intersection of science and art! Each day, a new topic will be introduced with an fun introductory activity such as light and diffraction gratings, chemical reactions, or light microscopy. Campers will then use what they learned to create an artistic masterpiece. Scientific topics will be discussed each day, but campers will always have plenty of time to flex their creative muscles and explore artistic expression. Each day, campers will take artwork home along with an understanding of the science behind each piece.

Medieval Machinations: MinecraftEDU Redstone/ Forensic Engineering
Rising 3-5 | Session 3 | Instructor: Engineering for Kids Staff
Full (9a-4p) $325 | No Half +Plus | No Half
Let’s have a Minecraft medieval themed adventure of creation, exploration, and castle besieging! Students make mine cart tracks to help them gather resources, work together to build their kingdom, and design traps to defend their castle, all with the use of Redstone! In the afternoons, we will become forensics engineers to solve a crime! Who stole the blueprints? Using principles of investigative science and forensic engineering, students will analyze evidence in the simulated crime scene using math, science, and technology. We will decipher cryptic clues and biological codes to help us identify the thief through chemical and mechanical analysis.

Minecraft™ Survival Worlds
Rising 1-5 | Session 7 | Instructor: Drobots Staff
Full (9a-4p) $385 | No Half +Plus | No Half
Calling all beginners, intermediate or advanced Minecrafters. Campers learn how to build and engineer projects including: building to scale, mining materials, strategic planning and mapping, developing access points, preparing
for the elements, and fireproofing structures. Campers will have the ability to learn about customizing maps in Minecraft™. Improve skills in survival mode and learn how to craft items that will help you survive, sustain, and prosper! Survival worlds vary based upon your level of experience. Prepare for an exciting week as campers accomplish exciting results building their one-of-a-kind Minecraft features! Camper-created projects will be accessible post camp. No prior experience is required. We provide all technology on location. Tablet, phone, and game console versions of Minecraft are not compatible. Students will work in pairs or teams for most of the program. **All students are required to have a Minecraft™ account for this class. Purchase a standard account and desktop version of Minecraft© ($26.95) at minecraft.net/store. Either a PC or Mac account will work for the camp week, but we suggest you choose the version that matches your home computer. Campers should bring their account login when they come to camp.**

**Minecraft Traveling to the Future/Robots Mission to Mars**
Rising 3-5 | Session 9 | Instructor: Engineering for Kids Staff
Full (9a-4p) $325 | No Half +Plus | No Half
Join us in an apocalyptic future, one where the earth has been ravaged by a series of natural disasters. Each day students rely on the engineering design process to solve a series of challenges such as building a city on a series of islands, escaping from a bunker on Mt. Everest, and even building a rocket to land on the moon! Through application of engineering principles, students solve numerous challenges as they make their virtual world of Minecraft a safe place for humanity once again. WHY STOP THERE? Let’s hop on over to Mars while we’re at it!! During the LEGO® Robotics Mission to Mars program, students design and program robots to explore an unknown planet, find safe shelter, and collect soil samples from the planet. Students use LEGO® Robotics and computers to learn principles of robotics, computer programming, and teamwork.

**Mission to Mars**
Rising 3-5 | Session 7 | Instructor: Scienstational Workshops Staff
Full (9a-4p) $310 | No Half +Plus | No Half
Build and take home your own 7 in 1 Mars Mini Lander. Build a Space Rover, Space Explorer, Space Shuttle, Space Dog, Astronaut, Space Station, and Space Mechanic. Each powered by either solar energy or batteries. In our STEAM based activities, we will learn about solar energy, constellations, sample some delicious astronaut ice cream, and make a color changing UV bracelet to take home! Students will view a 3D Mars surface using 3D glasses as well as make their own 3D drawing. On the last day, we will return to Earth from our Mission to Mars having learned so many interesting things the Scienstational way!

**Movement Improvisation: Body, Effort, Shape, and Space**
Rising K-4 | Session 1 | Instructor: Sarah Dove
Full (9a-4p) $210 | Half +Plus (9a-1:30p) $135 | Half (9a-11:30a) $105
This class will focus on the possibility for movement to become a communication device for displaying our interpretation of other expressive creative forms such as poetry, music, visual art, and fictional stories. We will learn to use the space around us as a canvas that will allow our bodies to move through it in a way that says something words just can’t say. We will also plan to visit a local dance and movement center to meet fellow movers who are actively using their bodies to tell their stories to the world. Our goal will be to produce a collaborative improvisation of one or more creative forms that can be discussed and performed at the end of the week. **Students are required to wear comfortable, moveable clothing, and socks or soft dance shoes. A water bottle is also recommended.**

**Musical Theatre Song and Dance**
Rising K-2 | Session 4 | Instructor: Sarah Dove
Full (9a-4p) $260 | Half +Plus (9a-1:30p) $160 | Half (9a-11:30a) $130
Do you love to sing? Do you love to dance? If you’ve answered yes to these questions, this is the camp for you. This camp will allow students to learn song and dance from some of Broadway’s favorite musicals while giving everyone a sneak peek into the fun and fast-paced world of musical theatre performance. We’ll explore a fusion of acting, singing, and dancing while learning techniques used by some of the best performers on Broadway today. Come join in the fun and learn something special! **Socks or soft dance shoes and a water bottle are required for this class.**

**Ninjaneering with LEGO®**
Rising K-2 | Session 4 | Instructor: Drobots Staff
Full (9a-4p) $385 | No Half +Plus | No Half
Enter the world of Ninjago and become an apprentice Ninjaneer! Engineering and Innovation are the focus of this new full-day themed camp for LEGO® fanatics. Learn to build Trains, Helicopters, Treehouses, and Beam Bridges before moving on to Skull Trucks, Dragons, and Spijitzu Spinners from Ninjago City!

**Oz Adventures**
Rising K-3 | Session 7 | Instructor: Columbus Children’s Theatre Staff
Full (9a-4p) $295 | No Half +Plus | No Half
Follow the yellow brick road with Dorothy, Scarecrow, Tin Man, and Lion as they quest for their hearts’ desires. Students will learn songs, dances, and scenes from The Wiz, Wicked, and The Wizard of Oz while building musical theatre skills. Students will work in large and small groups to create performances for the Friday showcase that we share favorites from this classic tale!

**Raku and the Art of Japanese Ceramics**
Rising 3-5 | Session 3 | Instructors: Coral Lee Bishop and Tera Stockdale
Full (9a-4p) $285 | No Half +Plus | No Half
How did the samurai eat dinner? What is tea ceremony really about? Learn the answer to these and other cool Japanese things of the past and present through designing, decorating and making your own ceramic pieces! We will experience the culture of Japan through daily activities that bring life ancient and modern Japanese traditions, foods and customs as we learn and create our own pieces of pottery. Students will create works that represent the Mingei crafts movement and will participate in a special Raku firing at the end of the week while learning about the language, traditions and characters connected to these ancient arts. Bring your o-hashi (chopsticks) and join us as we explore the land of the rising sun!

**Retro Printmaking**
Rising K-4 | Session 8 | Instructor: Cat Mailloux
Full (9a-4p) $285 | Half +Plus (9a-1:30p) $175 | Half (9a-11:30a) $145
Have you ever wondered where the peace sign came from? Or where your favorite smiley face emoji originated? Or how tie-dye became popular? Come join us to learn about the groovy colors, patterns, and symbols of the 60’s and 70’s decades through this printmaking class where you will discover how to make relief prints, stencils, and stamps. Learn about how the 60’s and 70’s were defined by grassroots movements and political engagement. Using printing and stamping techniques, we will make projects inspired by those decades. Write your name in bubble letters, design a peaceful protest poster, make a colorful tie-dye t-shirt, print a kaleidoscope bandana, and make your own very own retro wallpaper design!
Session:    1 (6/3-7)     2 (6/10-14)     3 (6/17-21)     4 (6/24-28)     5 (7/1-5)     6 (7/8-12)     7 (7/15-19)     8 (7/22-26)     9 (7/29-8/2)     10 (8/5-9)

Science Palooza
Rising K-2 | Session 9 | Instructor: Little Scholars Staff
Full (9a-4p) $270 | Half +Plus (9a-1:30p) $165 | Half (9a-11:30a) $135
Come discover, experiment, and create as we will explore the colliding worlds of art and science in this STEAM-based camp. We will create biomes from around the world, star gaze at constellations, master meteorology, investigate how things work and dazzle in chemistry and physics. Put on your learning cap and grab the art supplies because this STEAM camp will rock your world.

Sewing Magical Creatures
Rising 2-4 | Session 6 | Instructor: Helma Groot
Full (9a-4p) $290 | No Half +Plus | No Half
Each day we start with a new and exciting project in Sewing Magical Creatures camp. You will learn to sew by hand and on the sewing machine, make your own stuffed animals, create patterns, and sew on buttons (parents will appreciate this skill!). Whether or not you already know how to sew, you’ll be able to use your skills to make elves, unicorns, dragons or gnomes, capes, magic wands, and more.

STEM Challenges
Rising 3-5 | Session 4 | Instructor: Leah Ecaruan
Full (9a-4p) $260 | Half +Plus (9a-1:30p) $160 | Half (9a-11:30a) $130
Are you someone who loves a challenge? Come join us as we spend our week trying to solve STEM challenges! During this camp, students will be presented with a multitude of problem solving activities involving household items, like building the tallest tower possible out of only spaghetti noodles and marshmallows! Throughout camp, we will utilize the scientific inquiry and engineering design models to help push our thinking to the next level!

STEMQuest: Aliens v. Wizards
Rising K-2 | Session 6 | Instructor: Drobots Staff
Full (9a-4p) $385 | No Half +Plus | No Half
STEMQuest unplugs campers from the computer screen in this action-packed, story-based program. Throughout the week, campers will be constantly on the move as they experiment and play. StemQuest has intentionally extracted the wide-array of exhilarating challenges and mysteries from popular gaming apps and turned it all into a live adventure. Campers will use age-appropriate rovers, bots, drones, and autonomous creative technology to jump over walls, push down obstacles, lift up boulders, and navigate through galaxies. Teams of campers work together in indoor, outdoor and open-spaced “worlds” throughout the week. In doing so, campers utilize life skills such as collaborative problem solving, design, and curiosity to outwit, out-build, and out-smart the program instructor, The Wizard.

Storybook Sewing
Rising K-2 | Session 2 | Instructor: Helma Groot
Full (9a-4p) $290 | No Half +Plus | No Half
In Storybook Sewing, we begin each day with a new storybook and base our sewing projects on characters in the story. You will learn to sew by hand, make your own stuffed animals, create patterns, and sew on buttons (parents appreciate this skill). You’ll use your new skills to make capes, magic wands, pillows, hats, bags, doll clothes, and more. We’ll also write our own stories, paint, weave, and draw.

String Explosions!
Rising 3-5 | Session 3 | Instructor: Bill Walker
Full (9a-4p) $285 | No Half +Plus | No Half
Join us for a week of intensive focus on string playing! Enhance your technical skills and musicality on violin, viola, and cello, through various styles of playing including Celtic, Old Time, Jazz and Blues. Learn tunes, create chord accompaniments, explore chord technique, learn to improvise on simple tunes, and compose new ones. We will explore double stops, cuts, rolls, slides, trills, and simple shifting. By the end of the week, we will record everything on high quality digital recording equipment and produce an online album of all of our work. This camp is appropriate for students with moderate music reading skills and at least one year of beginning string classes or lessons. Students are required to bring their own instrument.

Super Sleuths
Rising 3-5 | Session 1 | Instructor: Little Scholars Staff
Full (9a-4p) $220 | Half +Plus (9a-1:30p) $140 | Half (9a-11:30a) $110
Get out your magnifying glasses and detective hat as we have clues to decipher and crimes to solve. We’ll put our critical thinking skills and STEM knowledge to the test and get to the bottom of mysteries by learning the tricks real investigators use to solve cases. While experimenting with simple detection techniques, your reasoning skills will grow and your problem solving skills will become better than CSI agents.

Techie Camp: Kano Computing
Rising 3-5 | Session 2 | Instructor: TECH CORPS Ohio Staff
Full (9a-4p) $385 | No Half +Plus | No Half
Build a computer and learn how to code with Kano Computer kits! Complete different coding challenges that teach fundamental coding concepts and unleash creativity. The Kano computers are powered by a Raspberry pi 3, a single board computer designed to put the power of coding in the hands of people all over the world. Type code and drag blocks to learn Python, JavaScript and Unix. Gain XP as your coding skills level up and share your code creations with your friends on Kano world. By the end of the week, students will have an understanding of loops, variables, and logic and how to apply them in different ways.

Ukulele Madness: Play and Sing!
Rising 3-5 | Session 8 | Instructor: Bill Walker
Full (9a-4p) $335 | No Half +Plus | No Half
Join the ukulele craze! We will learn basic chords, melodies, strumming and picking patterns, bass lines, and beginning blues lead playing. Song material will include traditional folk songs, blues, and contemporary songs in a variety of styles. We will learn to coordinate playing and singing at the same time. By the end of the week, we will record everything on high quality digital recording equipment and produce a CD or online album of all of our work. Course fee includes cost of ukulele that students get to take home at the end of the week.

Ultimate Drone Obstacle Challenge
Rising 3-5 | Session 2 | Instructor: Drobots Staff
Full (9a-4p) $385 | No Half +Plus | No Half
Ultimate Drone Obstacle Challenge is specifically designed for both the novice and experienced drone enthusiasts. This week is filled with pure action as students enjoy one of the world’s fastest growing sports, Drone Obstacle Racing. Campers will first learn about the basic safety of drone flying and the history behind drone racing as a sport. From there, campers will progress through various skill challenges and learn how to perform various exercises and maneuvers to become familiar with the drone’s speed and agility. Campers will use iPads and remote controls to navigate the drone through short and long obstacle courses. Participants will also create the design and help build the obstacle course in preparation for the last day’s final activity and competition. All campers go home with interactive workbooks and plenty of Drobots Company keepsakes so the memories last long beyond the summer. Drone safety and the social responsibilities of flying drones are included in this program.
Unicorns and Dragons Oh My!
Rising K-2 | Session 8 | Instructor: Young Chefs Academy Staff
Full (9a-4p) $295 | No Half +Plus | No Half
Grab your glitter and sword and join Young Chefs Academy as we fly over the rainbow and encounter a magical world of majestic unicorns and fire-breathing dragons. Campers will spend the week creating unicorn and dragon themed foods, treats and crafts! If your little camper has an enchanted imagination, then they won’t want to miss this culinary fairy tale adventure.

Upcycling
Rising 3-5 | Session 2 | Instructor: Cat Mailloux
Full (9a-4p) $270 | Half +Plus (9a-1:30p) $165 | Half (9a-11:30a) $135
Discover and unleash the power of reinvention! Use your creativity to care for our environment! Explore sculptural and building techniques using materials that you can find for free, like cardboard, magazines, plastic bottles, and old kitchen utensils! Learn about where your trash goes when it leaves the curb and how you can help our world by reducing waste in your own life. Transform trash into treasure in this class by using recycled materials to make coasters, pencil holders, pinwheels, beads, imaginative creatures, lamps, and wind chimes!

Young Engineer's Cornucopia
Rising 3-5 | Session 8 | SIMPLR STEAM Playground Staff
Full (9a-4p) $325 | No Half +Plus | No Half
The SIMPLR approach to inspiring children to pursue engineering is through learning, building, and playing. This camp will introduce students to various technologies that inspire awe and curiosity such as drones, 3D printing, programming, robotics, virtual and augmented realities and more. Through exciting, hands-on activities, we’ll begin to understand how engineers use these technologies to solve problems and to make the world a better place.

Weaving Wizards
Rising K-2 | Session 5 (M-W-F) | Instructor: Cat Mailloux
Rising 2-4 | Session 6 | Instructor: Cat Mailloux
5: Full (9a-4p) $220 | Half +Plus (9a-1:30p) $140 | Half (9a-11:30a) $110
6: Full (9a-4p) $270 | Half +Plus (9a-1:30p) $165 | Half (9a-11:30a) $135
How is fabric made? What is a loom? What does it do? Work with paper, recycled fabric, and yarn to learn the basics of weaving to make a set of paper placemats, a wall hanging weaving, and a rug! Learn about the history of weaving, the cultures that produced it, and how it appears in our world today in fabric, clothing, home decor and rugs. Spend time working with your hands, dyeing yarn, creating fun and funky designs, and learn the timeless skill of weaving.

Work and Play with STEAM
Rising 3-5 | Session 3 | Instructor: Jessica Espasandin
Rising 2-4 | Session 4 | Instructor: Cat Mailloux
Full (9a-4p) $260 | Half +Plus (9a-1:30p) $160 | Half (9a-11:30a) $130
Explore the world of Science, Technology, Engineering, Art and Math with the freedom to fail and reimagine, redesign, and try again. We work in teams and individually to complete thought-provoking challenges in a variety of settings with the help of engineers from The Ohio State University, US Sailing Camp, and the Byrd Polar Research Center. Let’s have fun and learn together.

World of Dance
Rising K-1 | Session 8 | Instructor: CLC Dance, LLC/Chelsea Crabtree
Full (9a-4p) $260 | Half +Plus (9a-1:30p) $160 | Half (9a-11:30a) $130
Come join us in learning dances from around the world! We will explore a variety of dances from different regions. We will dive into the history and customs of different cultures and discover how dances around the world are created. While learning basic dance etiquette and technique, we will develop our appreciation for different cultures. No previous dance experience is necessary. Students will perform in the Friday Showcase for family and friends at the end of the week.

World of Wizards
Rising 1-2 | Session 5 (M-W-F) | Instructor: Little Scholars Staff
Full (9a-4p) $220 | Half +Plus (9a-1:30p) $140 | Half (9a-11:30a) $110
Calling all wizard fans! This is like no other camp you have experienced. We will take a magical journey into the world of wizards. We will design wands, make magic potions, go on a magical creature hunt, play Quidditch, and participate in activities that will astound all Muggles.

Young Engineer's Cornucopia
Rising 3-5 | Session 8 | SIMPLR STEAM Playground Staff
Full (9a-4p) $325 | No Half +Plus | No Half
The SIMPLR approach to inspiring children to pursue engineering is through learning, building, and playing. This camp will introduce students to various technologies that inspire awe and curiosity such as drones, 3D printing, programming, robotics, virtual and augmented realities and more. Artistic Swimming: A Synchronized Swimming Experience
Rising 1-6 | Session 6, 8, 10 | Instructor: Ohio Coralias Synchro Staff
Full (9a-4p) $285 | Half +Plus (9a-1:30p) $175 | Half (9a-11:30a) $145
Swimming, Dance, and Gymnastics - Synchronized Swimming combines all three of these great activities into one fun experience! Using games, props, and music, we will explore the artistic side of swimming. During the course of the week, campers will learn synchronized swimming skills, all while putting together a special water show to be performed on Friday for parents and friends! Campers should be able to swim the length of the pool (approximately 25 yards) unassisted and be comfortable in the deep end. Please note for Session 10 only: Half Plus and Full Day students are required to pack a nut free lunch each day.

Athletics & Sports Clinics

Boys' Baseball AM Clinic / Sports & More PM Camp
Rising 3-8 | Session 4 | Clinic Instructor: Tyler Kuhn
Sports & More Instructors: Zach Besand, Nic Eader, & Ryan Jenkins
Full (9a-4p) $285 | Clinic +Plus (9a-1:30p) $200 | Clinic Only (9a-11:30a) $170
Join us for a week full of baseball fun! As a former professional baseball player and NCAA All-American, Tyler Kuhn will be sharing the knowledge he has gained through his years of playing and coaching in an action-packed week for players of all skill levels. Players can expect to improve their fundamental skills through various drills and simulated game situations on Columbus Academy’s baseball field. It will be a week filled with learning and fun! Participants are required to bring their own baseball glove, water bottle, and sunscreen. Cleats and baseball bats are optional.

Please Note: To make a full day schedule, Sports Clinics can only be paired with our Sports & More program or another Sports Clinic occurring in the same week. Please see page 29 for the Sports & More class description.

Boys' Basketball PM Clinic / Sports & More AM Camp
Rising 3-8 | Session 4 | Clinic Instructor: Jeff Warstler
Sports & More Instructors: Zach Besand, Nic Eader, & Ryan Jenkins
Full (9a-4p) $285 | Clinic +Plus (11:30a-4p) $200 | Clinic Only (1:30p-4p) $170
The Columbus Academy basketball program will once again host its clinic for all boys entering third through eighth grade. We encourage participation from young men with positive attitudes who are interested in having a great time, improving their skills, and learning more about playing this ultimate team game! Through a combination of drills, stations, and individual and team games, boys’ head basketball coach Jeff Warstler, members of the CA coaching staff, special guest speakers, and players from the CA basketball program will teach the basic yet crucial fundamentals of basketball, namely ball handling, passing, shooting, and defense. Participants are required to bring a nut free snack, water bottle, and towel.

Please Note: To make a full day schedule, Sports Clinics can only be paired with our Sports & More program or another Sports Clinic occurring in the same week. Please see page 29 for the Sports & More class description.
Boys' Lacrosse AM Clinic / Sports & More PM Camp  
Rising 2-9 | Session 6 | Clinic Instructor: Derek Lichtfuss  
Sports & More Instructors: Zach Besand, Nic Eader, & Ryan Jenkins  
Full (9a-4p) $285 | Clinic +Plus (9a-1:30p) $200 | Clinic Only (9a-11:30a) $170  
Learn about the fastest sport on two feet! Lacrosse is America's oldest sport, with roots to Native American tribes dating back to 1100 AD. Lacrosse is an OHSAA sanctioned, spring sport, and is among the fastest growing, most popular sports in the U.S. This is an instructional camp that focuses on basic skills, rules of the game, general concepts, and player safety. The clinic will be led by the coaches of the Columbus Academy Varsity and Middle School programs, along with current Varsity team members and guest coaches. It is preferred that players provide their own equipment; however, equipment may be provided if the staff is notified in advance.  
Please Note: To make a full day schedule, Sports Clinics can only be paired with our Sports & More program or another Sports Clinic occurring in the same week. Please see page 29 for the Sports & More class description.

Chiller Intro to Ice Skating  
Rising K-5 | Session 9, 10 | Instructor: Chiller Staff  
Full (9a-4p) $350 | No Half +Plus | No Half  
This camp will introduce your child to ice skating, no experience required! In addition, this camp will engage them in fun activities, games, and projects related to ice skating. Camp includes at least two hours of ice skating per day instructed by our professional skating coaches. Off-ice activities include indoor and outdoor games, projects related to skating, as well as guest appearances by local experts. Your child will receive a skating evaluation at the end of camp.  
Students are required to pack a peanut and tree nut free lunch each day.

Campers will get a solid foundation and introduction to various martial arts systems from Korea including Tang Soo Do, Hap Ki Do, and more! In addition to martial arts training, lessons on Korean culture, history, geography, and language will be a part of the course. All participants will receive a uniform
and will be given the option to demonstrate what they have learned in the Friday Showcase, including board breaking! **Students should bring a water bottle, nut-free snacks, and shoes that are easy-on-easy-off as we train traditional style, in our bare feet. Course fee includes cost of uniform.**

**Learn to Sail**
Rising 3-5 | Session 3, 10 | Instructor: Hoover Sailing Club Staff
Full (9a-4p) $325  | No Half +Plus  | No Half
Hoover Sailing Club has offered sailing instruction for Central Ohio youth for over 45 years. Your child will experience the joy of skippering a dinghy from our fleet during his or her very first lesson. Our experienced US Sailing certified staff will teach basic safety and boat skills. Your child will learn to sail up-wind, down-wind, tack, jibe, and recover from a capsize. Our picturesque property and remodeled facilities will provide your youngster with a week he or she will remember for years to come. **Students are required to pack a peanut and tree nut free lunch, and bring your own USCG approved life jacket. Sailing is a very physical activity; occasional bumps and bruises can occur. Please advise your child’s counselor if there are any issues of which we might need to be aware. A Hoover Sailing Club release form is also required for every participant and will be distributed via email before camp begins.**

This is a traveling/off-site program.

Swimming Lessons

Greater Columbus Swim School
Rising K-8 | Session 1-10 | Instructor: Greater Columbus Swim Team of Ohio
8a-9a and/or 4p-5p $75/week (Sessions 1 and 5); $60/week
The Greater Columbus Swim Team of Ohio teaches Columbus Academy instructional swim lessons in a fun, yet challenging atmosphere with lessons taking place at Columbus Academy Pool on campus. The pool depth ranges from 3ft – 10ft. Participants are observed and placed in appropriate levels according to their current skill level and will engage in the fundamentals of swimming most appropriate for their ability. Swimmers will be consistently monitored for skill acquisition in order to ensure that they are continually challenged in the pool as their skill level increases. Beginning swimmers will learn the most basic skills needed to become self-sufficient in the water, while swimmers with slightly more advanced skills will be progressed through a series of eight levels, focusing on the proficient acquisition of all four of the competitive swimming strokes (those used in the sport of swimming). Participants will receive a skills accomplishment report at the end of each weekly session. Swimmers will have a great time, will be challenged, and will learn valuable skills. **This program can be added to any week’s programming. There is a maximum of 16 children per time slot and spaces fill quickly. Please see the Lower School registration form and check the appropriate time that fits with your schedule.**

Sports Performance Camp at Royal Arts Fencing Academy
Rising 3-5 | Session 7 | Instructor: Royal Arts Fencing Academy Staff
Full (9a-4p) $350 | No Half +Plus | No Half
Whether you want to get better at your sport or just want the physical conditioning, the Royal Arts Sports Performance Camp is for you. It will be a week of fun, challenging conditioning with games and other activities geared to make you a better athlete. Better athletes get better grades, too! Your quickness, mentally and physically, will improve as we challenge your mind and body for total performance and fitness. **Athletic shoes required. A water bottle and sunscreen are recommended as some time will be spent outside, weather permitting.**

**This is a traveling/off-site program.**

Tennis PM Clinic / Sports & More AM Camp
