2022

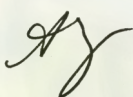

WELCOME

DEAR SUMMER EXPERIENCE FAMILIES,

The excitement is growing and we cannot wait to see all of you this summer! We have been diligently working at Columbus Academy as we continue thinking of new and creative ways of doing camp...and creating a summer of endless possibilities. We cannot wait for you all to see the amazing opportunities that are to come for Summer Experience 2022. Our first priority continues to be safety. We will enlist all of the tried and true supports that we always employ. In addition to those supports, we will add layers of staffing to help campers adjust to the policies in place needed to keep us safe. We have implemented drop-off/pick-up procedures, transitions, lunch, free choice activities, classroom size and seating, and so much more. We have a leadership team that stands ready to create an exciting summer through strong guidance and communication. We have created a group of specialized Coordinators and Sr. Counselors that are equipped to support the needs we may see from our campers in regards to all they have been through in recent years. The mental health of our campers, staff and leadership are the priority in all of the planning we have done and will continue to do.

We have been very mindful in how we represented these past few seasons of Summer Experience. The not yet open sunflower on the cover of the brochure in 2021 represented possibilities...as the sunflower opens, we see its full beauty. This summer, we will see what comes our way and we will be ready for challenges if they should arise. As you will see our cover embodies a sunflower open and bold, but we cannot do this alone. The bee represents the connection we all have to the fulfillment of these endless possibilities. We are ready to embark on this journey with you and make these possibilities a reality. We could not be more excited to see all of you this summer.

Sincerely,

Alyssa King, Director

SUMMER EXPERIENCE 2022

GENERAL INFORMATION

Summer Experience 2022 has 9 weeks of programming for grades Pre-K through 12. Sessions 1 and 9 offerings are off-site/ traveling and virtual programs only to allow for preparation of our campus in order to provide the best possible experience for our campers and staff. For sessions 2-8, offerings are primarily on-campus. For grades K and up, the majority of programs are Full Day, but some offer a Half +Plus option. After Care is available until 6pm, while Before Care is no longer a schedule option.

We are so excited to bring you flexible scheduling options for 2022!

Below are important definitions you will need to know:

In-person / on-site

Classes located on CA's campus and most have a maximum of 15 students.

Travel / Off-Site 🚌

Classes that travel to an off-site location by bus or van for the full day.

Virtual Only (VO)

Classes that are only offered virtually (Sessions 1 and 9 only).

Virtual Only (VO) Details:

Any programs that are Virtual Only or have to move to a virtual platform will all follow the same schedule. We have created this schedule to add consistency and predictability to this medium. We want parents and guardians to be able to count on a standard of excellence and we feel that for planning purposes, it is essential you know what to expect and be able to manage these programs with ease. We will be using two main platforms and these will stay consistent throughout the summer. Seesaw and Zoom will be our modes of delivery for virtual programming. There may be programs that employ additional links to add to the experience of the camper as well, but they will be easy to access. If your Virtual Only (VO) program requires a supply packet, they will be prepared by teachers and instructions for distribution will be communicated via email prior to camp. Teachers will have three touchpoints for the campers as well as the parents and guardians throughout the camp day. After each class touchpoint, there will be a cliffhanger and challenge activity to keep the campers returning for the next touchpoint. The expectation of the camper is that they participate in the live virtual class time, followed by independent time to complete the tasks that have been given from their instructor. At the last touchpoint/live virtual class time of the day, campers will be asked to share their experience and what they have created.

To remain developmentally appropriate, the duration of the programs will vary due to each specified grade group. There are no Pre-K virtual options this season. Please see the chart below for touchpoint timelines.

Division	Virtual Touchpoint #1	Virtual Touchpoint #2	Virtual Touchpoint #3
Grades K-2 (30-45 min. touchpoints)	9:00a-9:45a	11:00a-11:45a	2:30p-3:15p
Grades 3-5 (45-60 min. touchpoints)	9:00a-10:00a	11:00a-12:00p	2:30p-3:30p
Grades 6-9 (60-90 min. touchpoints)	9:00a-10:30a	11:00a-12:30p	2:30p-4:00p

Communication

Upon registration, you should receive a confirmation email from Summer_Experience@columbusacademy.org. You can expect communication via email from your child's teacher the week prior to camp starting. The email will provide helpful information and will contain a Zoom introduction meeting link for the Friday before camp begins, typically between 4-5pm. Throughout each week of camp, teachers will be available by appointment during "office hours" between 11:30am and 1:30pm daily. Appointments can be scheduled via email.

Faculty, Staff and Sr. Counselors

CA Summer Experience employs current CA Faculty and Staff members as well as highly qualified outside sources as teachers of the Summer Experience programs. Sr. Counselors are typically local college students who have been hired after an extensive interview and training process. Sr. Counselors are assigned to camps each week and will accompany your child all day during their respective program. CA Summer Experience also employs ample administrative staff to support daily operations.

Facilities

The majority of programs are held on CA's beautiful 231-acre campus that consists of a six-lane indoor pool, MacBook computer and iPad traveling carts, nature trails, outdoor classroom space, low ropes elements, eight tennis courts, Schoedinger Theatre seating 538, two full-length gymnasiums, a weight room, a ceramics studio, five art studios, three libraries, five playgrounds, eight science labs, four soccer fields, two turf fields, an all-weather track, a full service dining hall, three music rooms, and two baseball fields. The campus may be accessed from the West on Cherry Bottom Road or from the East via Beecher Road off of Hamilton Road. (Please refer to the campus map on the inside of the back cover.)

Field Trip and Off-Site Transportation

Columbus Academy utilizes school bus rental as a means of transportation for field trips and off-site programs. All drivers have proof of credentials and background checks. CA and all busing companies will be in compliance with CDC regulations with regards to COVID-19 policies and procedures. CA also has a fleet of 7 passenger vans that will be used for smaller traveling groups. All drivers are employees of Columbus Academy and are van-certified.

After Care Program

After Care is available on a pre-registration basis ONLY for 2022 and will be held from 3:45 pm to 6:00 pm daily during Sessions 2-8. After Care is not available during Sessions 1 and 9. In following safety protocols for 2022, **pre-registration is REQUIRED for drop-in and weekly attendance.**

After Care features exciting themed activities, outdoor play, and snack time, as well as quiet places for children to explore and reflect on the experiences they have had at CA. Parents MUST pick up their children from After Care by 6:00 pm. Parents that do not pick up their children by the end of After Care will be charged \$1.00 per minute beyond 6:00 pm.

After Care parents will follow ORANGE signage to the Academy Hall Bus Circle. After Care parents will call a designated phone number upon arrival and an After Care staff member will bring your child to you in a carpool-style pick up process. Parents/guardians must provide a photo ID each day.

Division	Color	Pick-up Location	Duration	Cost
After Care	ORANGE	Academy Hall Bus Circle	3:45 pm - 6:00 pm	\$75 per week / \$15 per day (drop-in)

Lunch

Lunch is provided by Columbus Academy's Dining Service for Half +Plus and Full Day on-campus programs for sessions 2-8. Pre-K students will be served lunch in their classroom, while K through 12th grades will rotate through the Dining Hall with 3-foot socially distanced seating. A menu will be sent to you via email the week prior to your child's camp. We do our best to accommodate all dietary requests / restrictions. Please contact our office if you have additional questions related to dietary concerns. Children are welcome to pack a lunch if they wish, but the lunch must be peanut and tree nut free.

Allergy Policy: Columbus Academy Summer Experience is peanut and tree nut free.

Daily Drop-off/Pick-up

There will be signage all around campus to help direct the carpool-style drop-off and pick-up. Please see the CA campus map on the inside of the back cover for general campus information. Summer Experience staff will be assisting throughout the drop-off process to ensure students are distanced and escorted to their appropriate classroom. During the pick-up process, staff will be verifying parents'/guardians' photo ID each day. It is important that your authorized pick up list is complete and each adult has a photo ID; if someone is not on the list to pick up your child, they will be asked to park and wait until Summer Experience staff is able to receive confirmation from a parent/guardian. If a student is not picked up on time and not pre-registered for After Care drop-in attendance, they will be taken to an area to wait for their parent/guardian's arrival and charged a fee of \$1 per minute after 4:30pm. *Please note, After Care is not available on a drop-in basis unless pre-registered for 2022 due to safety protocols.*

Friday Showcase

Some of our camps perform in our weekly Friday Showcase to share their new skills or creations from the week. Showcase programs will be recorded and shared digitally for the 2022 season. A link will be shared with all families of participating camps at the end of the week!

What to Wear/Bring

All campers must bring a water bottle and wear comfortable, weather-appropriate clothing and shoes. Campers should also consider bringing a bookbag and sunscreen to camp each day. Please check the course descriptions to see if any other materials are needed for each individual program. Please note the water fountains may be closed, so water bottles are a must. If the student is planning to participate in free swim for their free choice activity, campers should also pack a bathing suit, towel and plastic bag for wet clothes. Columbus Academy is not responsible for any lost personal items.

Free Choice Activity

Students participating in Half +Plus or Full Day programs on campus will have a free choice activity period before or after their lunchtime. Campers may choose from the following options: free swim, computer time, outdoor free play, or quiet reading and crafting time. Children participating in the free swim option will need to bring a bathing suit and towel each day they wish to swim, along with a plastic bag for wet clothes.

Electronics Policy

With the increase in the technology around us, electronics are no longer prohibited at camp; however, we expect that these devices be put away unless specifically required for a camp or in the case of an emergency.

Discipline Action Plan and Termination

Attendees who are found to bully or harass others will generally be subject to serious disciplinary action, including prohibition from further attendance. CA Summer Experience reserves the right to remove any camper from our program for disciplinary reasons. If a child is removed for disciplinary reasons, there will be no refund.

Priority registration links will be sent via email and registration for the general public can be accessed by visiting columbusacademy.org/summer and clicking on the **Register Now** button.

Registration is on a first come, first served basis for all programs. Many programs fill quickly and therefore, we recommend registering as early as possible. You will register according to your child's "rising grade" meaning the grade your child will be entering in the 2022-23 school year. A non-refundable and non-transferable registration fee of \$20 per camper is required at the time of registration. The registration fee and Installment Plan program fees are payable by credit card or ACH only. Pay-in-full program fees are payable by credit card, ACH or paper check. Please note, American Express is not accepted at this time. Pay-in-full is accepted at the time of registration or you may select our Installment Plan. All balances must be paid in full by May 16th or your registration will be cancelled for any unpaid camps. If you register after May 16th, full payment is required at the time of registration. Registration closes on Wednesday at 9am for the following week's camp session and new registrations or schedule changes will not be accepted after this deadline. Returned checks and ACH denials / errors will incur a \$35 fee per occurrence. There is no proration for absences or conflicts due to schedule, vacation, or other activities.

Installment Payment Plan

You may select the Installment Plan to divide your course fees total over three equal payments. Payment due dates are March 15, April 15 and May 16. Credit card or ACH payments will automatically be processed on the due dates. All balances must be paid in full by May 16th or your registration will be cancelled for any unpaid camps.

Waiting Lists

All programs have an enrollment maximum to follow safety protocols. Once a program fills, a waitlist for that program begins through the online registration system. There is no course fee required to register for a waitlist. You will be notified via email if a space becomes available in your waitlisted class. You will have 24 hours to accept the open spot and make payment arrangements including the \$20 registration fee if not already paid. Once the 24-hour window has expired, we will move to the next person on the waitlist.

FEES, CHANGES, CANCELLATIONS, REFUNDS AND DEADLINE POLICY

All camps have a minimum enrollment that must be met in order to run. Therefore, we must adhere to the following policy regarding cancellations. Please understand that after the deadline listed below, we have made firm financial commitments to our faculty and staff, in addition to purchasing materials for the class. The \$20 per camper registration fee is non-refundable and non-transferable. The cancellation deadline is May 16th, 2022. Any changes or cancellations made prior to May 16th will incur no penalty and course fees will be refunded in full. **There is no refund for cancellations after May 16th.** Changes made to schedules after May 16th will be charged a \$25 non-refundable change fee per child plus any difference in course fees. **All change requests and cancellations must be submitted in writing to Summer_Experience@columbusacademy.org.**

If a child is removed for disciplinary reasons, there will be no refund. Exceptions to the cancellation/ refund policy will be considered for medical reasons only and proper documentation from the child’s doctor is required. CA Summer Experience reserves the right to cancel any program due to low enrollment. We will make every effort to place your child into another available program. You will be notified via email with alternative camp options or to receive a full refund.

SUMMER EXPERIENCE 2022 PEACE OF MIND POLICY

It is our hope that we will be able to run all of our Summer Experience programs as they were intended, but we have planned for possible contingencies if needed. If we should have to deviate from our original plans in any way, we want to make sure our families have options that are clear and easy to navigate. If any of our on-site programming is cancelled due to unforeseen circumstances, and we are not able to offer a virtual-ready option, you will be refunded 100% of the camp fee. If you have elected an on-site program and we are able to offer a virtual-ready option, you will have 24 hours to decline the virtual option and will be refunded 100% of the camp fee. In the event of any cancellation, the \$20 registration fee is non-refundable.

PRE-KINDERGARTEN

(AGES 3-5 fully potty trained)

PRE-K PROGRAM DAILY DETAILS

Summer Experience's Pre-K program activities are based on weekly themes. Special guests, arts and crafts, science, games, outdoor education, creative movement, and story time are used to express those themes. Children are encouraged to discover and develop their academic, creative, and social skills at their own pace. Opportunities for active and experiential learning are offered each day through child-initiated and teacher-directed activities in order to assist children in their intellectual, physical, social, and emotional development. We are committed to creating an enriching environment where children are in the continuous process of development based on their individual ability, readiness, and interest. Our emphasis is on play and having fun.

Your child's experience will focus on the importance of self-confidence and play in a child's life. The activities reflect this each day as your child joins in the fun of cooperative play with others in an environment that promotes a confident and positive attitude.

Snacks are provided each morning and afternoon. The dress is casual: a t-shirt, shorts, and tennis shoes are recommended. Students must bring a water bottle and swimming suits are needed for sprinkler days. Please send an extra outfit in a resealable bag with each camper on the first day of camp.

You can expect communication via email the week prior to camp starting. The email will provide helpful information and will contain a Zoom introduction meeting link for the Friday before camp begins, typically between 4-5pm.

The Columbus Academy Pre-K staff consists of experienced classroom teachers and senior counselors. A maximum ratio of 6:1 is maintained, with a limit of 12 students per section.

Pre-K students need to be fully potty trained, which is defined by CA as:

1. No longer in training pants/pull ups while awake or asleep (with the exception of medical conditions).
2. Using the toilet for both urination and bowel movements.
3. Able to wipe him/herself after using the toilet.

This clinic is a great way to learn the dynamic sport of field hockey. Clinic sessions are creatively designed to teach the hockey basics: dribbling, passing, receiving, pulls, dodges, and more for younger players while preparing older girls for middle school competition. It doesn't matter if you are a first year player or an experienced middle school veteran, we will help you improve your game! We can't wait to share our love of the game on the turf fields at Easton this summer! **If you need to purchase equipment, please contact Coach Adams at adamsj@columbusacademy.org. This clinic will meet at Resolute Athletic Complex (formerly the Sports Barn) at Easton. For location and more information, please visit <http://resoluteathleticcomplex.ezleagues.ezfacility.com>.**

🚗 **This is an off-site program in which parents are responsible for transporting to and from the Resolute Athletic Complex.**

We'll explore our multiple and intersecting identities, the "unknowns" of our identity, and aspects of our identity that are still evolving as we work through the traditions, places, and art forms that have been components of our lives so far. Using specially designed activities and prompts, we'll remember and reflect on spaces we grew up in, family foodways traditions, material culture, holiday traditions, and more. We'll use these to build auto-biographical paintings, collages, experimental poems, photography, and short essays about who we are and where we come from.
