

## Summer Experience Online Registration *powered by CampBrain* Step by Step Instructions

1. **Login Page:** Once you have clicked on the registration link provided via email (priority registration) or from our website (general public), you will be taken to the login page. Returning families should use their current login credentials to sign-in while new families should use the “New user sign-up” to create an account. Please note you will not be able to create an account until registration opens.

If you are a Columbus Academy academic year family, you can use your Columbus Academy mySchoolApp login credentials so you don't have yet another username and password to remember! Please use the "Login using Columbus Academy mySchoolApp" button on the CampBrain sign-in page. Or you may also use the new user sign-up option if you would like to create a separate login for this application.

A screenshot of the CampBrain login and sign-up page. The page is divided into two main sections: 'Sign-in' and 'New user sign-up'. The 'Sign-in' section has fields for 'E-mail' and 'Password', a 'Login' button, and a 'Reset password' link. The 'New user sign-up' section has fields for 'First Name', 'Last Name', 'E-mail', and 'Password', a 'Create account' button, and a small text box stating 'By clicking the button, you agree to our Terms and Privacy Policy'. Below these sections is an 'Or' separator and a 'Login using Columbus Academy mySchoolApp' button.
