

Columbus Academy Internship Program

Through internship opportunities and external summer enrichment experiences, Columbus Academy students engage in meaningful endeavors with problem solving, creative thinking and leadership opportunities that not only cultivate their own interests, but also deepen connections, partnerships and engagement within our local community.

Internship Program

Engage students in meaningful endeavors to cultivate interests

- Minimum of 60 hours during summer
- Paid or Unpaid
- Local business and non-profit organizations

Summer Enrichment

Maintain database of tuition-based courses, institutes and travel opportunities

- Domestic or International
- Pre-College or Subject Specific
- Organizations specializing in high school summer enrichment experiences

Internships and summer enrichment programs are a great way for students to grow personally, improve their social skills and gain an academic advantage for the upcoming year.

Areas for Collaboration

- Coordinate internship experiences at your organization
- Recommend colleagues and friends that are a good fit for the internship program

Connect with current students to show the depth of opportunities and rich tapestry of our Columbus Academy community.
